DOOR GLASS

INFINITY TUFF

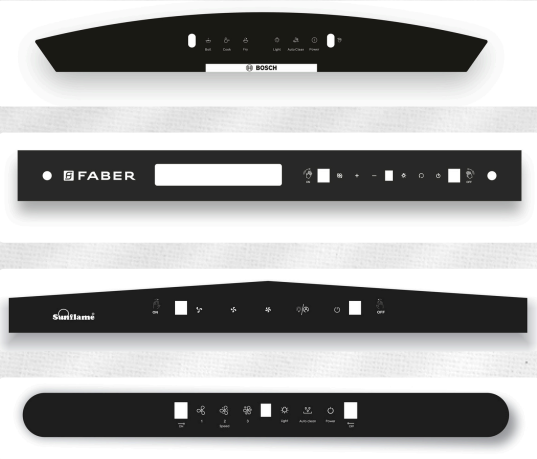

## Designer Front Glass for Appliances

A premium black tempered glass panel designed for modern kitchen appliances. It features a sleek glossy finish, precision-cut window area, and clearly printed touch-control icons for enhanced usability. Built for strength, heat resistance, and long-lasting clarity, this panel adds a stylish and contemporary look to any appliance.

## Sleek Black Front Glass Panel

This high-gloss tempered glass panel offers a clean, minimalist design with a refined control interface. Built for durability, heat resistance, and long-lasting clarity, it enhances the overall look of the appliance while ensuring smooth, reliable touch operation.

## Smart Function Control Panel

A sleek, elongated tempered glass strip designed for smooth and responsive touch control. With its modern rounded design and durable finish, this panel enhances both usability and the premium look of the appliance.

## Modern Touch-Control Appliance Panel

A sleek, modern touch-control panel featuring speed, light, and power controls arranged in a clean, symmetrical layout. Its glossy black design with intuitive icons provides a premium and user-friendly interface.

## Premium Inclined Tempered Glass

Featuring a refined slant and polished edges, this inclined glass panel delivers exceptional strength, clean aesthetics, and long-lasting stability. Perfect for next-generation kitchen chimney designs.
